1 STOCK OPTION TERMS AND CONDITIONS

1.1 Number of Stock Options

The maximum total number of stock options 2024 issued is 350,000, and they entitle their owners to subscribe for a maximum total of 350,000 new shares in the Company or existing shares held by the Company (**Share**). The Board resolves whether new Shares or existing Shares held by the Company are given to subscribers.

1.2 Stock Options

The stock options are marked with the symbol 2024.

1.3 Right to Stock Options

The stock options are issued gratuitously to the key personnel of the Group. The Company has a weighty financial reason for the issue of stock options, since the stock options are intended to form part of the incentive and commitment program for the Group key personnel.

1.4 Distribution of Stock Options

- (1) The Board resolves on the distribution of stock options to the key employees employed by or to be recruited by a company belonging to the Group (**Group Company**). The Board may resolve on particular additional provisions concerning the receipt of stock options. The Board resolves on the further distribution of the stock options returned later to the Company. - (3) The stock options are regarded as a discretionary and nonrecurring part of compensation. The stock options are not regarded as a part of a stock option recipient's employment or director contract, and they are not regarded as a salary or fringe benefit. A stock option recipient has, during their employment, service or thereafter, no right to receive compensation for stock options on any grounds.
- (4) A stock option recipient is liable for all taxes and tax-related consequences arising from receiving or exercising stock options.

- (5) The Company pays the transfer tax connected to the receipt of Shares on the basis of stock options, when applicable. The transfer tax paid by the Company may be taxable income for the stock option owner.

1.5 Transfer of Stock Options

The Company holds the stock options on behalf of the stock option owner until the commencement of the Share subscription period. The stock options may freely be transferred and pledged after the Share subscription period has commenced. The Board may, however, permit the transfer or pledge of stock options also before such date. If the stock option owner transfers or pledges their stock options, they will be obliged to inform the Company about the transfer or pledge in writing, without delay. The Board may, at its discretion, resolve to restrict the transfer of stock options in certain countries, e.g. for legal or administrative reasons.

1.6 Termination of Employment or Service before Share Subscription Period

1.6.1 Termination or Cancellation of Employment or Director Contract

As an exception to the above, the Board may resolve that the stock option owner may keep the stock options, or a part of them.
- (2) In these terms and conditions, termination of a stock option owner's employment or director contract refers to the day when the notice of termination or cancellation has been given.

- (2) If a stock option owner's employment or director contract in a Group Company terminates on a Good Leaver ground, the Board will resolve whether the stock option owner or their estate or heir or beneficiary is entitled to keep such stock options that the Board has distributed to the option owner, or a part of them, for which the Share subscription period specified in Section 2.2 has not commenced on the last day of validity of the employment or director contract. When resolving on the stock options, the Board may take into account, e.g. the duration of the employment or director contract before for the commencement of the Share subscription period.

- (3) In these terms and conditions, termination of a stock option owner's employment or director contract on Good Leaver grounds refers to the last day of validity of the employment or director contract.

Equality is reached in the manner determined by the Board by adjusting the number of Shares available for subscription, the Share subscription price or both of these.
- (2) A directed issue of shares or a directed issue of new stock options or other special rights entitling to shares has no impact on the rights of the stock option owner, unless the Board resolves otherwise for specific reasons.

- (3) If the Company reduces its share capital by distributing share capital to the shareholders, the Share subscription price of the stock options will be deducted by the amount of the distributable share capital per share resolved after the Board's resolution on the issue of the stock options but before Share subscription, on the record date of the repayment of share capital.

2.7.2 Acquisition or Redemption of Own Shares and Acquisition of Stock Options and Other Special Rights entitling to Shares

- (1) Acquisition or redemption of the Company's own shares or acquisition of stock options or other special rights entitling to shares will have no impact on the rights of the stock option owner. If the Company, however, resolves to acquire or redeem its own shares from all shareholders, the stock option owners will be made an equivalent offer.
